Title:

Cleansing Processing Agent, Cleansing ...

Atty. Docket No.: 9792909-4094

Response C to Non-Final Office Action After Filing a CPA

In response to the Office Action dated 20 March 2002, the applicants respond as follows.

A. In the Claims

Please formally cancel, with the proviso that these claims may be prosecuted in later continuing applications, claims 1-9 and 19 as they were unelected claims.

Please cancel claims 10 to 18, 20 to 24; and add new claims 25 to 41.

JUL 5 - 2002

25. A cleansing method, comprising:

(a) providing a cleansing processing agent, and introducing an ion group into the cleansing processing agent comprising a polymer having acrylonitrile, and at least one of styrene and conjugate diene as constituent unit and into that are introduced hydrophilic groups by adding an acid or an alkali to the polymer and the polymer being a waste material;

- (b) bringing the cleansing processing agent into contact with a material to be cleansed and adsorbing substances of at least one of a heavy metal, ammonia, or amine compound contained in the material.
- 26. The cleansing method of claim 25, wherein the substances are at least one of metal, ammonia, or amine compounds.
- 27. The cleansing method of claim 25, wherein the material to be processed is the effluent water or an exhaust gas that are passed through a column charged with the cleansing processing agent.
